POWERS TO THE PORTE

Russian and Austrian Ministers Hand the Joint Note to the Sultan.

RADICAL REFORMS ARE DEMANDED.

Several Propositions Likely to Be Resisted by the Turk, But the Allies Are Prepared to Adopt Coercive Measures.

Constantinople, Feb. 23.—The identical note on the subject of reforms in Macedonia, presented to the grand vizier by the Austro-Hungarian and Russian ambassadors, has been translated into Turkish and handed to the sultan. The powers recommended, in addition to the appointment of an inspector general of gendarmerie for three years, with ample powers to act independently and to requisition troops in case of emergency and the reorganization of the gendarmerie and police under European instructors, that Christians be admitted into the gendarmerie in numbers proportionate to the population, without being required to read and write the Turkish language. Amnesty is also demanded for all persons who have been arrested for political offenses.

The scheme for administration and financial reforms in Macedonia, as proposed by the powers in the note, besides planning a more equitable collection of taxes, provides that the local expenses shall be a first charge on the revenues of each vilayet. In the event of there being a surplus, this may be sent to Constantinople. Measures are also demanded for compelling the Albanians to respect the laws.

The power which it is proposed to give the inspector general of the gendarmerie, whose appointment or recall and whose successor must be confirmed by the powers, thus virtually detaching him from the direct control of the authorities at Constantinople, is almost sure to encounter opposition from the Turkish government, while the latter also will most likely object to the proposed financial arrangements and to the basis on which it is planned to recruit the gendarmerie, which, were the suggestions of the powers carried out, would, in several districts, be practically entirely composed of Christians, owing to their predominance in certain parts of Macedonia. It is understood, however, that the powers are determined to admit of no modification of the reform scheme, that they demand its application without delay, and that they are prepared to adopt coercive measures to insure its being scrupulously carried out.

An imperial trade has been issued, authorizing the Turkish minister of war to purchase 10 additional Maxim rapid-fire guns.

Sultan Yields.

Constantinople, Feb. 23.—Tewfik Pasha, the minister of foreign affairs, notified the Austro-Hungarian and Russian ambassadors that the sultan had agreed to accept the scheme for reforms in Macedonia.

Sensor Hoar Spoke.

Chicago, Feb. 23.—Public schools, banks, the board of trade, the stock exchange and all city and county offices were closed in honor of Washington's Birthday, and appropriate exercises were held by various societies. A meeting was held in the morning at the auditorium, attended by the pupils of the public schools, at which Professor George E. Vincent, of the university of Chicago and Miss Jane Adams, of Hull house, were the principal speakers. In the afternoon Senator Hoar of Massachusetts addressed a large audience at the auditorium, composed of members of the Union League club and their friends.

No Official Celebration.

New York, Feb. 23.—While there was no official celebration, Washington's natal day was generally observed as a holiday in the greater city, and there was a very generous display of bunting in honor of the first president. The public schools, federal, state, county and city offices, exchanges, banks, etc., were closed, and in the down-town district little business was transacted. Most of the retail stores, too, were closed. The weather was bright, and in consequence there was an exodus to the country.

Earthquakes at Guam.

Honolulu, Feb. 23.—Naval Governor Schroeder, of the island of Guam, who has arrived here, reports the occurrence of severe and prolonged series of earthquakes which raised the level of the islands some six inches. The shocks were accompanied by loud subterranean noises. The Solace, on her arrival here, smashed into the wharf, doing some damage. She reports that during the voyage S. Locasio, a bandmaster returning from Guam, jumped overboard while insane. He was rescued, but died on Feb. 19.

A negro child named Davis died Monday at the home of the family on East Fourth street, and was buried this morning.

Mrs. Jos. H. Dodson, who has been critically ill since Saturday evening, was thought to be somewhat better this morning.

The Senate Committee on Public Buildings reported the omnibus bill to the Senate Monday. Among the increases reported is the appropriation for Mayville to \$50,000.

Auditor's Agent Watson has filed an agreed assessment of thirty acres of land owned by Mrs. A. M. Zweigart and omitted by the Assessor for years 1900 and 1901. State tax \$14.62, county tax \$19.27, penalty \$6.77.

Mr. Michael Stahl, of Washington, and Miss Mollie Sweeney, of this city, were married this morning at 7:30 o'clock at St. Patrick's Church, Rev. P. M. Jones officiating. The groom is a son of Mr. Frank Stahl, and one of the county's industrious and worthy young men.

The marriage of Mr. Claude H. Tolle and Miss Nannie Gabby will be solemnized this afternoon at 2:30 o'clock at the home of the bride, corner of Forest avenue and Commerce street. Rev. R. H. Tolle will officiate. The wedding will be a quiet home affair, the invitations being limited to relatives of the couple.

Bruce Head, the young Kentuckian who was shot in Pennsylvania some time ago by Dr. Duncan, of Louisville, which resulted in the acquittal of the physician at Pittsburg, is the great grandson of Rev. Jesse Head, the pioneer Methodist "circus rider," who married Abraham Lincoln's parents, Thomas Lincoln and Nancy Hanks, in Washington County, Kentucky.

IN FULL SWING

Is the Big Carnival at New Orleans. Arrival of Rex.

New Orleans, Feb. 23.—With thousands of visitors here from every section of the country and with every arriving train swelling the congestion of strangers on the streets, the New Orleans carnival is now in full swing. The five trunk lines for the past week have been pushed to the limit of their resources in handling the travel in this city. All trains are from two to five hours late. Every hotel is crowded to its capacity, and hundreds of boarding houses are full to overflowing, while half a dozen or more steamers are providing sleeping accommodations. The weather is perfect, and the routes of the parades presented a mass of colors. Canal and the intersecting streets held great multitudes of people when Rex, the king of the carnival, made his entry into the city.

Steamers Purchased.

London, Feb. 23.—The negotiations for the purchase by the Canadian Pacific railroad company of four Beaver line steamers from Elder, Dempster & Co. has been satisfactorily concluded. The price paid is not yet disclosed, but it is said to be about \$7,500,000. The deal is regarded here as having an important bearing on the proposed Canadian fast mail service, as it probably will eliminate the tender of Elder, Dempster & Co. therefrom and leave the Canadian Pacific railroad company in a better position to secure the contract.

Go Before The Hague.

London, Feb. 23.—Asked by Sir Cuthbert Quilter, Unionist, in the house of commons, whether the government had been officially informed that the American claims against Venezuela are to be paid fully and forthwith in gold or its equivalent, while the British claims will have to await the decision of The Hague court or arbitration under Foreign Secretary Cranborne, replied: "Our information is to the effect that the American claims will be dealt with before The Hague tribunal."

Plague Situation.

Mazatlan, Mexico, Feb. 23.—There were no deaths from the plague. One case of the disease occurred at the barracks of the gendarmes and the entire force was sent to the observation station. There is a more hopeful feeling now that it begins to be evident that the sanitary precautions are having the expected effect. There will be no abatement of the rigorous enforcement of the sanitary regulations.

King Ned's Levee.

London, Feb. 23.—King Edward held the first levee of the season in the throne room of Buckingham palace. Ambassador Choate and other members of the United States embassy were among the diplomats present. The king was attended by the prince of Wales, most of the cabinet ministers and all the great officers of state. Mr. Choate presented, among others, Dr. Francis, commissioner of the St. Louis exposition.

SHIPSUBSIDY SHELVED

Marine Committee of the House Votes Not to Report the Bill.

BALLOT TEN TO SIX TO THIS EFFECT.

Anniversary of Washington's Natal Day Observed by the Senate. Proceedings of the House and News of Washington.

Washington, Feb. 23.—The house committee on merchant marine and fisheries voted not to report the ship subsidy bill to the house, the vote being 10 to 6. Those voting to report it were: Representative Grosvenor (Ohio), Young (Pennsylvania), Green (Mass.), Fordney (Mich.), Wachter (Md.) and Littlefield (Maine). Those voting against reporting it were: Representatives Hopkins (Ills.), Miner (Wis.), Stevens (Minn.), Jones (Wash.), Republicans, and Spight (Miss.), Small (N. C.), Davis (Fla.), McDermott (N. J.), Belmont (N. Y.), and Snook (Ohio), Democrats. Representative Vreeland of New York was not present.

The ship subsidy bill was introduced in the senate by Senator Hanna, and after a great fight he succeeded in pushing the bill through. Between the passage of the bill by the senate and the convening of the present session came the announcement of the formation of the great ship combine. This seems to have been regarded as an indication that subsidies would not again be demanded. Other issues, too, of more general interest occupied the attention of the legislature and the people. The ship subsidy bill and the ship subsidy agitation were considered dead. Until three weeks ago the measure slumbered peacefully in the archives of the house without an apparent effort having been made until now to take it out for submission to the house.

In the Senate.

Washington, Feb. 23.—In the senate the chaplain referred to the life and character of George Washington, saying that not only in ideal, but in personal character he embodied the elements of truth and greatness, which have been wrought into our national history. The galleries were crowded, many of the occupants being Daughters of the American Revolution, who listened attentively to the reading by Mr. Dubois (Idaho) of Washington's farewell address.

Mr. Kearns (Utah) presented the credentials of Senator-elect Reed Smoot, of Utah, which were read. Mr. Smoot was sitting in the rear of the chamber.

Carmack's Resolution Shelved.

Washington, Feb. 23.—The senate committee on Philippines reported adversely Senator Carmack's resolution directing the committee to continue the investigation of conditions in the Philippines. The committee decided to report favorably Senator Rawlins' resolution asking for papers in court-martial cases in the Philippines, but amended it to include only a summary of the cases. The committee decided not to print the compilation of receipts and expenditures in the Philippines, as it was found the expenses would be about \$65,000.

Day's Nomination Confirmed.

Washington, Feb. 23.—The senate committee on judiciary reported favorably the nomination of William R. Day to be associate justice of the supreme court; also, the nomination of J. K. Richards to succeed Judge Day on the circuit bench; also, the nomination of Assistant Attorney General Hoyt to be solicitor general to succeed Richards.

Statehood Deadlock.

Washington, Feb. 23.—The situation in the statehood deadlock remains unchanged. The Republicans can agree upon the two states plan, but the Democrats say that they will not accept a bill which merges New Mexico and Arizona. They say that such a bill cannot pass before March 4.

In the House.

Washington, Feb. 23.—In the house a bill was passed to exempt from taxation the property of the Daughters of the Revolution in the District of Columbia.

Funeral of Shadrach Corbin.

Batavia, O., Feb. 23.—The funeral of Shadrach Corbin, 87, and father of Major General Henry C. Corbin, occurred here. The adjutant general of the army was present, and the funeral was attended by many old residents. Shadrach Corbin was born in this county April 4, 1816, of one of the pioneer families; has lived here all his life, and was known and respected by everybody in Clermont county. He is survived by three children—H. C. Corbin, Washington, D. C.; Nicholas D. Corbin, El Paso, Texas, and Mrs. Anna Donaldson, Manhattan, Kan.

JUMPED THE TRACK,

Did a Passenger Locomotive, and a Bad Wreck Piled Up.

Dixon, Mo., Feb. 23.—The St. Louis & San Francisco fast westbound passenger train "Meteor" was wrecked one quarter of a mile west of the Gasconda river crossing at Arlington. William Gifford, aged 50, Wells Fargo express messenger, of St. Louis, was killed, and Engineer Decker, of Newburg, sustained broken ribs and internal injuries that may prove fatal. The following were seriously injured: Julius Johnson, engineer, Springfield, Mo., severely scalded; Harvey Johnson, Newburg, scalded and bruised; William Resiegel, fireman, Newburg, cut and bruised. None of the passengers were injured except slightly.

The wrecked train had two engines and was under full headway, making a run from Dixon, Mo. The first engine jumped the track and the second engine turned completely over. Express and mail cars were splintered into kindling wood.

Philippine Insurgents Active.

Manilla, Feb. 23.—Three small detachments of the constabulary were surrounded and captured by ladrones under General San Miguel, who, with his insurgent band, has reappeared in Risal province. The insurgents surrounded the small towns of Cainta and Taytay, 11 miles east of Manilla, and captured 30 scouts and 10 men of the constabulary, whom they disarmed and set free. Inspector McIlwaine, at the head of 10 constabulary, was surprised and captured near Montalban, 16 miles northeast of Manilla. Subsequently McIlwaine and his force escaped. The zone of ladrone activity extends from Calocan, four miles north of Manilla, eastward to the mountains of Risal and skirting the northern limits of Manilla.

Sword to Admiral Taylor.

Indianapolis, Feb. 23.—A testimonial sword was presented to Rear Admiral Henry C. Taylor, who commanded the battleship Indiana in the Spanish-American war by the people of Indiana through the general assembly. Admiral Taylor, his wife and daughter were present. The presentation of the sword took place in the north corridor of the main floor of the state capitol. On the platform were the state officers, Governor Durbin and especially invited guests, as well as Admiral George W. Brown of Indianapolis, who presided. Governor Durbin presented the sword, Admiral Taylor responding. James Whitcomb Riley recited his poem, "Old Glory." The sword is a beautiful piece of workmanship and cost \$1,600. The occasion was one of great enthusiasm.

Germany and Brazil.

Rio Janeiro, Feb. 23.—Brazilian newspapers, commenting on an article in reference to the relations between Germany and South America, recently printed in New York, declare there is no reason for alarm in Brazil and that the Germans form the most prosperous foreign colony. They have no cause to complain of the present situation. Baron De Rio Branco, minister of foreign affairs, said: "I visited Berlin, and am able to state that the Emperor and his government maintain cordial relations with Brazil and wish to foster these relations."

Against the Mangrove's Crew.

Washington, Feb. 23.—In the United States supreme court Justice Holmes delivered an opinion in the case of the United States vs. the crew and officers of the war vessel Mangrove. The case involved the prize money for the capture of the Spanish steamer Panama during the Spanish war. The New York and Indiana and the Wilmington claimed a part of the prize, but the court held that they were not within signaling distance at the time of the capture and therefore were entitled to nothing.

Princess Attempts Suicide.

Cairo, Feb. 23.—Princess Djemil Toussoun, sister of the khedive and wife of Prince Djemil Toussoun, recently made an unsuccessful attempt at self-destruction by taking poison. The act is said to have been prompted by jealousy. The princess subsequently left Egypt on board of the royal yacht, refusing to see her husband. Her Highness went by way of Trieste to Vienna, where it is said she is about to wed an Austrian count. A divorce has already been granted.

Given Increased Pay.

St. Paul, Feb. 23.—The Chicago, St. Paul, Minneapolis and Omaha railroad is the first road having headquarters in the Twin Cities to reach a settlement with the committee of conductors and trainmen, who have been negotiating for a 20 per cent increase in wages since Jan. 1. The final settlement was reached. The most important concessions gained by the men were substantial increases in wages. On some runs the advance is as high as 25 per cent.

A VOTE OF CENSURE.

Motion in the House of Commons Aimed at Secretary Broderick.

REVOLTING UNIONISTS SUPPORT IT.

War Secretary's Army Reform Scheme Held Not Suited to the Needs of the Empire and Unsound in Principle.

London, Feb. 23.—The criticism of the British war office culminated in a motion for a vote of censure on War Secretary Broderick in the house of commons. The motion was in the shape of an amendment to the address in reply to the speech from the throne regretting the fact that the "organization of the army was not suited to the needs of the empire, and that no proportionate gain in strength or efficiency had resulted from the recent increase of military expenditure."

The motion was identical with an amendment moved by Sir Henry Campbell-Bannerman, the Liberal leader, when Mr. Broderick introduced his army reform scheme in 1901. However, the vote of censure was proposed by Mr. Beckett, an influential conservative, who was supported by a considerable section of revolting Unionists in introducing the motion. Mr. Beckett declared that Mr. Broderick had deplorably neglected the greatest opportunity ever given to a minister and had produced a scheme which was not only unsound in principle, but was ruinous in practice and enormously costly.

Major Seeley, conservative; Sir Charles Dilke, advanced radical, and others spoke in denunciation of the war office, declaring the country was "tired of its policy of mess and muddle." Mr. Broderick replied. He said he welcomed a direct attack, and defended heatedly, if not very convincingly, the scheme for which he was responsible. He ridiculed the suggestion that Great Britain should depend on her citizen army, which he rescribed as a "mob of volunteers," and pleaded to be given time to carry out his army corps scheme, as the result of which "the army, for the first time in living memory, is above its supposed full strength in every branch except the infantry."

FOUR FATALLY MANGLED.

Workmen Were Thawing Dynamite When an Explosion Occurred.

Dynamite Exploded.

Connellsville, Pa., Feb. 23.—Two Italians were killed, two fatally injured and a number of others slightly hurt by an explosion of dynamite on the Baltimore & Ohio double tracking operations near Rockwood, Pa. The men were thawing dynamite, when it exploded, scattering death and destruction in all directions. The two Italians killed were hurled into the Castleman river, a distance of 100 feet, and their bodies were horribly mutilated. The names of the killed and injured will not be learned, as they are known only by their working numbers.

Dressed a Cobra's Broken Jaw.

New York, Feb. 23.—Under skillful treatment at the New York Zoological Gardens in Bronx park, a deadly cobra, which recently broke his jaw in a fit of violent rage, is on the road to recovery. The dressing on the head of the poisonous creature has been removed, with considerable difficulty. The cobra was slumbering when Curator Dittmars, cautiously opening the big door, thrust in a long wooden pole with two prongs. Pressing this down on the cobra's head, he held it prisoner until Keeper Snyder got inside. The reptile, now thoroughly aroused agitated its tail frantically, but Snyder held its head firmly to the floor while Dittmars removed the old dressing and replaced it with a new one. The operation took about 10 minutes.

Daughters of Revolution.

Washington, Feb. 23.—The twelfth continental congress of the Daughters of the American Revolution has convened in this city. Many of the leaders of the organization (which numbers 40,000 patriotic women) were present. Approximately 1,000 delegates and alternates from all the states in the union attended. The congress will be in session throughout this week, and already bids fair to be marked by several warm contests, the principal one being over the office of president-general. Mrs. Charles W. Fairbanks is a candidate to succeed herself for the second time.

Beef Trust To Be Formed.

Chicago, Feb. 23.—The Post says: "Plans are practically complete for the merging of the interests of the firms that comprise the beef trust. Unless something unforeseen arises, April 1 will see the official announcement of the incorporation of a securities holding company which eventually may control the meat trade of the world."

 What a bonanza?

THE Augusta delegation at the tobacco
 fair last Saturday, headed by the Au-
 gusta Commercial Club, was probably
 the largest from any one city. They
 came 150 strong, and it was a handsome
 return for Maysville's liberal turnout at
 their fair a few weeks ago. The Board of
 Trade deeply appreciates the kindly
 spirit and good will manifested by our
 Augusta neighbors. Each city will be
 benefited by cultivating these friendly
 relations.

A LOVE FEAST,

Was the Democratic County Con-
 vention Monday After-
 noon.

County Attorney O'Donnell Gracefully Moves
 the Nomination of His Opponent,
 Judge Harbeson--The
 Proceedings.

Pursuant to the call to that effect, the
 Democrats of Mason County met in con-
 vention at the court house, Maysville, at
 1:30 o'clock p. m. Monday, for the pur-
 pose of selecting delegates to represent
 the county in the Nineteenth Judicial
 District Convention to be held in Vance-
 burg on Wednesday, February 25th.

The convention was called to order by
 Chairman Jas. R. Roberson of the Coun-
 ty Executive Committee, and the neces-
 sary credentials were presented by the
 regularly accredited delegates of the sev-
 eral precincts. On motion Dr. John A.
 Reed was elected Permanent Chairman
 and Gordon Sulser Permanent Secretary,
 with the members of the Democratic
 press present as Assistant Secretaries.

Mr. Frank P. O'Donnell in an earnest
 and graceful manner accepted the ex-
 pression of the Democrats of Mason
 County as the will of the party. He
 offered in nomination for the office of
 Circuit Judge the name of the Hon. Jar.
 P. Harbeson, and moved that the dele-
 gates from Mason County be instructed
 to vote for Judge Harbeson, which mo-
 tion was adopted unanimously.

Mr. C. Burgess Taylor offered the fol-
 lowing resolution which was unanimous-
 ly adopted:

Be it Resolved: That all of the known Dem-
 ocrats of Mason County be, and they are hereby
 appointed delegates to represent the said county
 in the convention to be held at Vanceburg, Ky.,
 on February 25th, 1903, for the purpose of
 nominating candidates for Judge and Com-
 monwealth's Attorney for the Nineteenth Judicial
 District of Kentucky, to be voted for at the
 November election, 1903.

Said delegates are hereby instructed to vote as
 an unit on all questions coming before said con-
 vention. They are further instructed to cast
 the vote of said county for Thomas D. Slattery
 for Commonwealth's Attorney, and to use all hon-
 orable means to secure his nomination and the
 nomination of James P. Harbeson for Circuit
 Judge.

Be it further Resolved, That the vote of said coun-
 ty shall be cast by the delegates present in per-
 son and participating in said convention.

On motion the Chair appointed Messrs.
 C. Burgess Taylor, M. J. McCarthy and
 John L. Whitaker a committee to notify
 Mr. Slattery of the action of the conven-
 tion. They presently appeared with Mr.
 Slattery, who thanked the Democrats of
 Mason County for their indorsement and
 support, and prophesied the continued
 victory of Democratic principles and
 candidates.

On behalf of Judge Harbeson, Mr.
 Virgil McKnight expressed his gratitude
 and appreciation of the indorsement of
 Mason County of his candidacy, and, at
 the same time tendered to Mr. O'Donnell,
 for Judge Harbeson and his friends, the
 assurance of their warmest friendship
 and truest appreciation of his manly
 position and conduct.

On motion the convention then ad-
 journed.

"Way Down East" has been criticised from one side of the continent to the other, and has met with the indorsement of many divines, some of them stating that were plays of like character produced more frequently there would be less objection to the stage. Its moral is pointed and has often served as a text. The story is plain and simply told. It will be given at the Washington Opera House Wednesday, February 25th. GERMANTOWN, Feb. 23rd.—Mrs. James Asbury entertained the Fern Leaf Ping Pong Club, also several from Germantown and Minerva last Friday evening, in celebrating George Washington's birthday. Unique hand painted invitations, worded in pretty rhyme, were sent out, asking each to recite "ye dear old-fashioned rhyme or sing ye song or tell ye tale of long forgotten times," and also to wear "some bit of old time garb." Many an old trunk and chest was searched, bringing to view old time costumes, which could they have "told ye tale of long ago," would have caused many emotions of the human heart, both happy and sad. When all assembled, arrayed in styles of years gone by and powdered hair, we think George Washington would have felt at home among them. "Coming Thro' the Rye," "Auld Lang Syne," and many other pieces were beautifully rendered on mandolin and piano, also some recitations. A delightful tea was served, and all pronounced the evening one of great pleasure.

The Germantown Dramatic Club expected to give their play "The Lone Tree Mine" at Mt. Olivet last week, but the blizzard prevented. They expect to go as soon as the weather will permit. The company render the play splendidly.

ly. The proceeds are for a good cause, and the play deserves to be well attended.

Prof. Henry Lloyd, of Kentucky University, attended the tobacco fair and made a short visit at his home.

Mr. and Mrs. Walter Pollock have a bran new boy at their home.

Germantown will soon have a butcher, in the person of Mr. Galloway, who, with his family, will occupy a part of the Winter property.

Misses Susie and Minnie Norris, with their guest, Miss Cassidy, of Louisville, will entertain the Germantown "Smart Set" next Thursday evening.

The "Styles House" will soon be occupied, and a place opened for the traveling public.

Rev. Thomas N. Arnold, of Frankfort, preached at the Christian Church Sunday morning and night, delivering very interesting and instructive discourses. Mr. Arnold is a cousin of Messrs. Mose and Henry Daulton, and in his younger days attended the old Rand and Richeson Seminary in Maysville. He graduated from Bethany College when Alexander Campbell was at the head of that school. Mr. Arnold is a prominent candidate for State Superintendent of Public Instruction, and is very greatly encouraged over his prospects. Mr. Arnold was a close friend of the late Gov. Goebel, and attended the latter in his last hours.

Hon. A. O. Stanley had an exciting experience while looking after the defense in a damage suit at Henderson. In an attempt to destroy the Hotel Henderson by fire last June, a bottle of bisulphide of carbon, with phosphorus dissolved in it, was used by the incendiary. This bottle was being used as evidence in the damage suit, which grew out of the arrest of Prof. H. A. Hays on a warrant sworn out by F. Haag, charging him with the crime. Mr. Stanley had the bottle in his pocket when the cork came out, and immediately Mr. Stanley's clothing caught fire. He quickly removed his coat and immersed it in water, but as soon as it was removed from the water it would take fire again, and not until all the phosphorus was destroyed did he succeed in extinguishing the flames. The garment was ruined.

It is worth considerable to any citizen of Maysville to know how to be cured of painful annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itches of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

Mr. J. C. Gabby, of 925 East Second street, says: "For many years I suffered severely from itching hemorrhoids. I bought every remedy I heard of, but do what I might the trouble grew worse instead of better. It was particularly aggravating after I retired and I lost much sleep because of the intense itching. I had the good fortune to learn of Doan's Ointment and I bought a box at J. Jas. Wood & Son's drug store. The wonderful relief I obtained from its use was almost beyond belief. I soon felt that I was cured. I continued the treatment for a time, however, to make assurance doubly sure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
